

FAMILY CONTINUITY SERVICES

Adult Specialized Group Home Care

Adult Specialized Group Home Care (provided through Family Continuity location below)

Caris
Hamilton, MA

The Adult Specialized Group Home Care Program serves adults on the North Shore who suffer from significant mental illness.

- Clients are referred through Eliot Community Human Services Inc., from the Department of Mental Health Beverly Office.
- Family Continuity works with the person served and the treatment team to develop goals that support each person's ability to be successful and work toward recovery and independent living. We provide a safe and well-structured living environment and a variety of therapeutic interventions.
- Caris also provides full access to our Family Continuity Mental Health Clinic services for our clients' psychiatric and therapy needs. Caris also works collaboratively with other Family Continuity programs to provide support and treatment options to the persons served.
